We offer a less formal form of schooling that gives both youth and adults an opportunity to a general education outside the normal system of academic or vocational studies.

Our main choices are:

NYAlinjen: a course for students 16 years and upwards, who have completed obligatory education. The course is built up around project-oriented core studies, with the freedom to choose many optional courses.

Specialised art courses: Craft or Photography
The specialised art courses are for adults (18 years or over) who have completed matriculation (A-level / high school) studies.

Nya Linjen

NYAlinjen is a one-year course that is intended for students aged 16 years and upwards, who have completed obligatory education.

Optional courses

Optional courses are offered in the areas of creativity, music, sports and media studies.

Project-oriented courses

Project-oriented courses are obligatory and include mathematics, sociology, Swedish and English.

Special courses

Special courses are offered in subjects such as hygiene and computer proficiency

Improve your grades

Students have the opportunity to retake exams in certain subjects, with the possibility of improving grades

Develop your Swedish

For people who do not have Swedish as their native language, and wish to improve. You apply to any of the courses at the school, and when you are accepted we offer you a personal plan of study in the Swedish language.

Nature Photography

The one-year course in photography is focused on nature photography and outdoor life. You will spend a lot of time outdoors, following the changing of the seasons. You will make a number of trips to destinations that offer exciting possibilities for photography, you will also take part in trade fairs and exhibitions.

A short period of work experience with a professional photographer is included, and the course gives an orientation in the world of professional photography.

Crafts

During the first year of the two-year crafts course you will be introduced to a wide range of techniques and material. You will experience woodworking, metalwork, ceramics, weaving, sewing, painting and more. During the second year you will choose to specialise in woodworking, ceramics or textiles. A four-week period of work experience in your chosen field is included. The school year ends with a final project and an exhibition.
